

I'M A PIANIST, *pianofortista as I like to call*, since I was 8 years old, I started to get my hands on the piano we had at home. I have always been curious to explore: SOUNDS, NOISES, RHYTHMS, MELODIES and everything that this instrument with black and white keys, acoustic or electric, could offer to me. During the years I played and played now with many musicians still a lot of music, I loved all the music I played because always sounds just the music that I love. Every year that passes I do many personal sacrifices to continue to live music, because I feel the music and' inside me and Star 'with me until you say goodbye'. Excluding tecno and house music, Irish music and country are more or less in love with all music,with preference for jazz, blues, funk,classical chamber music, reggae,dub, electronics, lounge,hip hop, hythm'n blues,rap and many other music that currently escape me. The instrument I'm playing now, my nature, my skin and Fender Rhodes electric piano and probably always been, but I've got some time to put it out, if not disdain to play even the acoustic piano, organ and some vintage keyboard sounds in particular.Since 1998 I have decided to make a my label (few notes record) and starts to self-produce artistic and executive MY music, because I'm absolutely convinced that the ideas, notes and fingers should always remain free(if I gave a straight instinct released a cd every 3-4 months, since I write a lot of music of various kinds). I love good food, animals, nature (especially the forest), mountains most 'of the sea, the tuscan cigar, beer guinness,mugello's tortello and all those who make me laugh.My music 'influenced by: every sound, color, person, animal, travel, thought, word, food and who knows' from which everything else do I have' yet to see, learn and dream. Almost every night, wanting to live music, jazz sound in some Florentine restaurants, and I like to think that all people (especially foreigners) who have dinner there if you take away a piece of me and of my soul that I put in I'm playing music.
